John/Angeles

Thanks for forwarding the questions from GreenAction, as it turns out the team has been working identifying reference documents to assist Mr. Hirsch.

I wanted to also reiterate, our team is committed to community involvement in accordance with the CIP. If you think it would be beneficial, I can ask our Public Affairs Officer (PAO) to meet with your team (Lilly) when he is in SF in an attempt to see how we can be more effective. We recognize the importance of community involvement, do not want the EPA to be put in a position to have to speak on behalf of the Navy, and are willing to explore how we can do better.

regards
Lawrence
